services at the Third Street M. E. Church held

earnest introductory sermon on "The Gospel
and Its Mission."

with which he speaks a large and important
message to the people. He has a big heart
that longs and goes out in sympathetic desire
for the salvation of sinners. You will be
blessed in hearing him.

Christian Church of Atlanta, Ga., succeeding

Dr. Crossfield is well known in Maysville,

congregation recently erected a costly new

Kansas Woman Helpless

Lawrence, Kas.—Dr. J. F. Stone of this
city says: "My wife suffered for ten years
from womanly troubles, during two years of
which she was totally helpless. She was ex-
amined by many physicians, some of whom
gave her up to die. Finally she began to take
Cardui and since then has greatly improved in
health. The tonic, strengthening and restora-
tive effects of Cardui, the woman's tonic on
the womanly constitution, are the most valu-
able qualities of this popular medicine. Cardui
acts specifically on the womanly constitution.
Half a century of success proves that Cardui
will do all that is claimed for it. Try it for
your trouble.

Yours to Benefit.

Hundreds of progressive merchants have discovered they can
best serve their customers by selling carpets from rug size samples.
There are four good reasons why this method benefits you:

First—You have a greater variety from which to select.
Second—You have the latest patterns from which to choose as
new samples are sent each season.
Third—You receive fresh new goods. No danger of shop-worn
stock.

Fourth—You buy cheaper because in just the proportion that
our carpet investment is reduced, our ability to sell cheaper is in-
creased.

We have no expense for taking care of stock. No remnants
nor unpopular patterns to be disposed of at a loss. Our investment
is nothing under this method therefore the narrowest profit is sufficient.
This statement merits your investigation. If you are a judge of car-
pet quality we particularly invite it.

EATS WHAT HE LIKES AFTER TAKING FREE SAMPLE

It will be welcome news to dyspeptics
to learn of a remedy that, in the opinion
of thousands, is an absolute cure for in-
digestion and all forms of stomach trou-
ble, and, better still, it is guaranteed to
do so. The remedy is Dr. Caldwell's
Syrup Pepsin.

We all know the value of pure pepsin
in indigestion, and add to this some ex-
ceptional laxative ingredients and you
have a truly wonderful remedy. Mr. T.
W. Worthy of Forsythe, Ga., got to the
point where he could not even eat or di-
gest vegetables and after many years of
seeking he found the cure in Dr. Cald-
well's Syrup Pepsin. Mr. Rudy Kasper of
Moline, Ill., was in the same bad pre-
dicament with his stomach, took Syrup
Pepsin and is now cured. Hundreds of
others would gladly testify.

It is a guaranteed cure for indigestion.

If, at the expiration of that period, they find
that their marital woes have been healed they

final solution of the grave problem of domes-

tion recently advanced in favor of a system of

Third street, First Ward.

William Kennan, coalhouse and lumber
room on the rear of lot, Wood street, Sixth
Ward.

Parker & Riley, two-story brick building
adjoining stable and fronting on Second
street, Second Ward, with metal or composi-
tion roof.

According to Chief Hite's report the Fire
Department during the month of February
answered four fire alarms.

P. L. Trefear, representing the Kentucky
Fire Insurance Bureau, reports to Chairman
John C. Everett, that the grand average re-
duction on the entire city, including both mar-
cantile and dwellings, will be from 14 to 15%.
A conservative estimate of a total reduction
will be between \$4,000 and \$5,000 per annum
—this in consequence of our improved fire
system.

The matter between the city and Neptune
Fire Company was adjusted to the satisfaction
of both parties to the agreement. The Fire
Company receives a balance due of \$200 and
they are no longer part and parcel of the
city's fire system.

A protest from citizens residing in Third
street between Market and Limestone regard-
ing the conducting of a livery stable at No.
9 East Third street was laid on the table.

A protest from the druggists regarding the
selling of medicines on the public thorough-
fares by itinerants and fakers was received
and referred to Laws and Ordinance Commit-
tee to report at next meeting.

The matter will be taken up with the
genial Superintendent and the matter amic-
ably adjusted.

The Committee's report in regard to widen-
ing Third street West of Wall was received.
The street will be cut down and the telephone
poles placed on inside of wall. The probable
cost will be about \$258.

Parker & Riley asked for a sidewalk grade
fronting their property in Second street. The
matter was referred to the Sidewalk Commit-
tee.

Member Clooney as Chairman of Committee
offered the following resolution, which was
adopted as read—

Resolved, That Council shall consider any
of the following causes sufficient for a revoca-
tion of license—Loitering around saloon of
people of questionable character, bums and
habitual drunkards; operating a slot machine
for drinks; mechanical playing music ma-
chines; maintaining rooming-house in same
building as saloon.

The ordinance governing get-rich-quick
schemes was laid over till next meeting in
April.

An ordinance embracing general sidewalk
improvement was read and received and laid
over until next meeting for final action.

The brick street ordinance was delayed of
final action owing to omission of Member
Thomas A. Keith's amendment continuing the
street paving from the West End car line to
the city limits on the Germantown pike, which
was omitted in the notice published to property
owners.

The property owners on the North side of
Second street, opposite Ball Park, Sixth Ward,
were allowed 1/2 of cost of construction of side-
walk in consideration ground given for same.

Member M. C. Hutchison asked to be placed
on same basis in regard to sidewalk fronting
his property. Matter placed in hands of
committee for adjustment.

Chairman Everett was allowed \$300 to pur-
chase wire for the beginning of work on the
installation of the fire alarm boxes.

The matter of providing a more economical
system of caring and keeping city prisoners
was introduced by Member Clooney and the
same was referred to the Laws and Ordinance
Committee to report back at next meeting of
Council.

License to conduct a saloon at No. 111
Market street was granted Schwab & Fischer.

HIDDEN DANGERS

NATURE GIVES TIMELY WARNINGS THAT NO
MAYSVILLE CITIZEN CAN AFFORD
TO IGNORE

DANGER SIGNAL No. 1 comes from the
kidney secretions. They will warn you when
the kidneys are sick. Well kidneys excrete a
clear, amber fluid. Sick kidneys send out a
thin, pale and foamy or a thick, red, ill-smell-
ing urine, full of sediment and irregular of
passage.

DANGER SIGNAL No. 2 comes from the
back. Back pains, dull and heavy or sharp and
acute, tell you of sick kidneys and warn you of
the approach of dropsy, diabetes and Bright's
disease. Doan's Kidney Pills help sick kidneys.
Here is proof in the statement of a nearby
resident:

James Hofer, Sr., East Second street, Au-
gusta, Ky., says:

"My back was weak and lame for many years,
and, while I was not in a dangerous condition,
I was, nevertheless, anxious to get rid of the
annoyance. I was bothered especially at night
and was unable to remain in one position for
any length of time. When I stooped a sharp
twinge caught me across my back and made it
almost impossible for me to regain an erect
position. At last I procured a box of Doan's
Kidney Pills, and had used them but a short
time before my back became strong and the
pain disappeared. I have never had a return
attack of kidney trouble."

Despair and Despondency

No one but a woman can tell the story of the suffering,
the despair, and the despondency endured by women who carry
a daily burden of ill-health and pain because of disorders and
derangements of the delicate and important organs that are
distinctly feminine. The tortures so bravely endured com-
pletely upset the nerves if long continued.
Dr. Pierce's Favorite Prescription is a positive cure for
weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG,
SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain.
It tones and builds up the nerves. It fits for wifehood
and motherhood. Honest medicine dealers sell it, and
have nothing to urge upon you as "just as good."

It is non-secret, non-alcoholic and has a record of forty years of cures.

ASK YOUR NEIGHBORS. They probably know of some of its many cures.
If you want a book that tells all about woman's diseases, and how to cure
them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing
only, and he will send you a free copy of his great thousand-page illustrated
Common Sense Medical Adviser—revised, up-to-date edition, in paper covers.
In handsome cloth-binding, 31 stamps. Address—Dr. R. V. Pierce, Buffalo, N. Y.

SALVATION ARMY CAMPS

For Mothers and Children

Hundreds of tired mothers and sickly children were given fresh air and rest during the past summer by the Salvation Army at its fresh air camps.

There are many tired mothers who have sickly children who were not fortunate enough to be given such an outing and we ask those mothers as a duty to themselves and their children to read the two following letters:

Mrs. Rose Hawthorne Lathrop, who has done so much good among the children of New York City, says: "Little children seem to delight in taking Vinol. In my work among the destitute sick, I give Vinol in many cases where it would be impossible to give cod liver oil in any other form, on account of the extreme weakness of the patient's stomach. I have known Vinol to restore appetite and infuse new life in many cases of sick women and children when everything else failed."

Mrs. C. W. Stump, Canton, Ohio, says: "I wish I could induce every mother who has a weak, sickly child to try the delicious cod liver preparation, Vinol, as it restored health and strength to our daughter after all else had failed."

Vinol is a boon to weak mothers and sickly children. If it fails to give satisfaction we will refund your money. John C. Pecor, Drugist, Maysville, Ky.

Flowers and Music and Patriotic Enthusiasm Marked Gala Time at G. A. R. Encampment

ST. CLOUD, FLORIDA, February 20th, 1911. Comrade Degman: As per your request, I will send you an outline of the proceedings of the twenty-ninth G. A. R. State Encampment at Kissimmee, Florida, February 14th and 15th, 1911.

The delegation from this place the first day—including the W. R. C., G. A. R. and their friends, consisted of eight passenger coaches and two baggage cars, with hardly standing room. Arriving on time we found the beautiful little city on the North bank of West Lake Lochlokaliga full of people and after registering at the Graystone Hotel and getting a badge we started to see the town and its people and visitors. I believe it now to be a false report about there being no patriotism in the South. The whole city was beautifully and profusely decorated with bunting and Old Glory. I shook hands with several old "ex-Confeds." and marched in the parade with one You could not tell but what you were attending a reunion in some Northern city, especially when it came to the parade, which took place at 1 o'clock. The first in order of march was the Kissimmee Brass Band and following the band came Grand Marshal Parker at the head of a troop of lady horseback riders, each rider and horse being decorated in the National colors. This part of the parade attracted considerable attention, owing to its uniqueness and the beauty of the Southern girls and the gracefulness with which they rode and governed their mounts. Next in line was the famous St. Cloud Drum Corp., old vets and then came the old soldiers a thousand strong, with here and there an empty sleeve, a crutch, cane or a wooden leg and ending the long line out of 550 school children, came Professor Evans, Principal of Osceola High School, at the head of 188 little boys and girls, members of the Primary Department in the Public School, all in a uniform and each one carried a small flag. Arriving at the Courthouse, the old vets were lined up in two columns, the ladies' brigade and schoolchildren passing in review by a counter march; the old soldiers bared their heads and gave them three cheers, and the youngsters responded down to the small tot. It was a beautiful sight and one that added much to the parade. They honored the old veterans with their presence and the soldiers felt honored by their presence.

Speaking took place on the Courthouse steps, the yard being large and shady and space for several thousand people to see and hear. Marshal Parker introduced Hon. C. A. Carson, M. C., who, on behalf of the citizens of Kissimmee, welcomed the G. A. R. and their families and all other visitors to the city. Marshal Parker in a fitting manner presented Mayor T. M. Murphy with a large gilded key that was supposed to unlock the gates to the city, and the Mayor in turn placed it in the hands of Department Commander Thompson, who gave an address on the life and character of Abraham Lincoln. The business meeting selected Zephyr Hills for the 1912 Encampment. They had beans and coffee at the campfire and fully 3,000 people attended the banquet. And thus ended the first day's program.

The second day wound up with a W. R. C. campfire at St. Cloud, the Kissimmee people attending in a body. The prominent visitors were Mrs. Belle C. Harris, National President of the Woman's Relief Corps, and Mrs. Moore, National Secretary. The guests hailed from far away Alaska, Oklahoma, Massachusetts and from Canada boundary to Cuba.

CRADLE ROLLS

Mason County Sunday-Schools Urged to Adopt Department

The Cradle Roll is the true infant class of the Sunday-school. It aims to place the sheltering care of the Church about the little ones by giving the Pastor and other officers of the Church and Sunday-school an opportunity to come in contact with the home through mutual interest in the baby. Thus at the earliest possible moment the child receives the benefit of the school and the school secures the co-operation of the home. The babies and children too young to attend the Sunday-school are the members. These babies may be the brothers and sisters of the pupils in the school, babies whose parents do not belong to any Church, babies of strangers in the neighborhood who have no Church preference. The babies may belong at birth and continue as members until old enough to be brought to Sunday-school regularly. They should then be transferred to the beginner's department. If names are added to the roll, just to increase the membership, nothing will come of it, but if the Sunday-school officers and teachers regard it as an unusual opportunity for contact with home life, then the possibilities are limitless, especially if the homes have no Church connection.

In schools which have maintained Cradle Rolls we find the children brought into the Sunday-school much earlier, more home co-operation, often whole families brought into Church connection. The Cradle Roll is now considered essential in Sunday school work. As the work does not require elaborate equipment, any school can start one whether it is in the city or county.

The first Cradle Roll was established in the Central Baptist Church, Elizabeth, N. J., in 1877. There are now over 19,000 Cradle Rolls. Out of 43 schools in Mason county only 10 have Cradle Rolls. What is the matter with the other 33?

May we not urge the primary teachers of these Sunday-schools to organize Cradle Rolls, that we may have a better report at our next County Convention?

Any school wishing for more information about organization of a Cradle Roll can obtain this from Mrs. Jennie Ziegler, Mayville, R. R. 2, Elementary Superintendent for Mason county.

20% UNDERFEED INVESTMENT

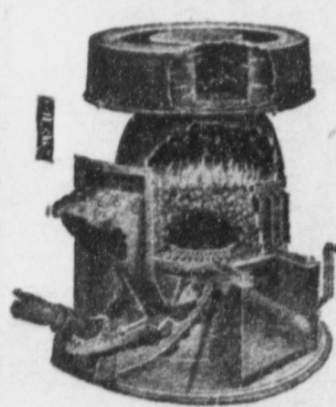

Most heating systems are an actual drag on the domestic treasury. If you want to enjoy actual every-winter dividends, tear out your old glutinous coal-eater, with its uneven heat and hard-to-satisfy appetite for fuel. Put in a

PECK-WILLIAMSON UNDERFEED FURNACE OR BOILER

Choose the system you like best—warm air, steam or hot water. Cheapest slack in the Underfeed yields as much clean, even heat as most expensive grades; which ordinary heating plants require. All the fire is on top and has to eat down into the fresh coal against the draft. Combustion is slow and perfect, and smoke, soot and gases are entirely eliminated. This enables Underfeed furnace and boiler users to

SAVE 1/2 TO 3/4 OF COAL BILLS.

This saving represents a 20% dividend on the investment for this modern system of heating. Figure it out. It won't take long to get your money back. The Underfeed adds to the selling or renting value of any building.

Write today for free booklets on Underfeed Warm Air, Steam and Hot Water Heating Systems. Our representative will be glad to call any time and make you a detailed proposition.
